

**Projektbeschreibung**

Im Rahmen des Englisch-Profiles haben wir eine Schreibwerkstatt zum Thema Horror-Stories durchgeführt. Durch Videos und Texte haben wir viel über das Genre Horror gelernt. Unser neues Wissen und das Feedback unserer Mitschüler\*innen haben uns geholfen, unsere Geschichte weiterzuentwickeln. Die Geschichten und unsere selbst gestalteten Cover haben wir in einem Klassen-E-Book gesammelt. Auszüge finden Sie auf den nächsten Seiten.

Enjoy the read!

# THE OTHER SIDE

## The other side

"Today I'll go for a walk", I thought, to feel better, but I didn't think about what would happen to me in the next hours. So I went to the forest, I thought it would be fun or something like that. As I breathed in, the air flowed through me.

I saw something rustle in the trees. I approached the rustling. Suddenly, I couldn't see anything because my eyes went black. I froze, as I came back to my senses, I was somewhere else, on another side of the forest... The other side? The only thing I saw, except for trees, was a temple. The temple was studded with black tendrils, on the top of the temple were bones. As I went there a spape appeared. First it laughed.

Then it came towards me and said:

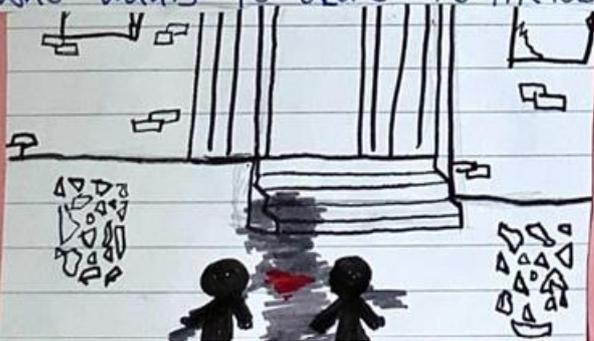

"You won't ever get away!", I was in shock, then he said "There is one way to get out of this place, you have to solve a mystery."

He continued "but be warned if you can't solve this in a minute, I'll curse you and you'll be stuck here forever, Haha!" I felt anxious and I had goose bumps. I said: "I don't wanna get stuck here sooo...", "I'm gonna solve this." He nodded. "What begins, but does never end?" I thought off how am I supposed to solve this... I will die...

"DEAD" I shouted, he nodded and I woke up on the normal side of the forest.

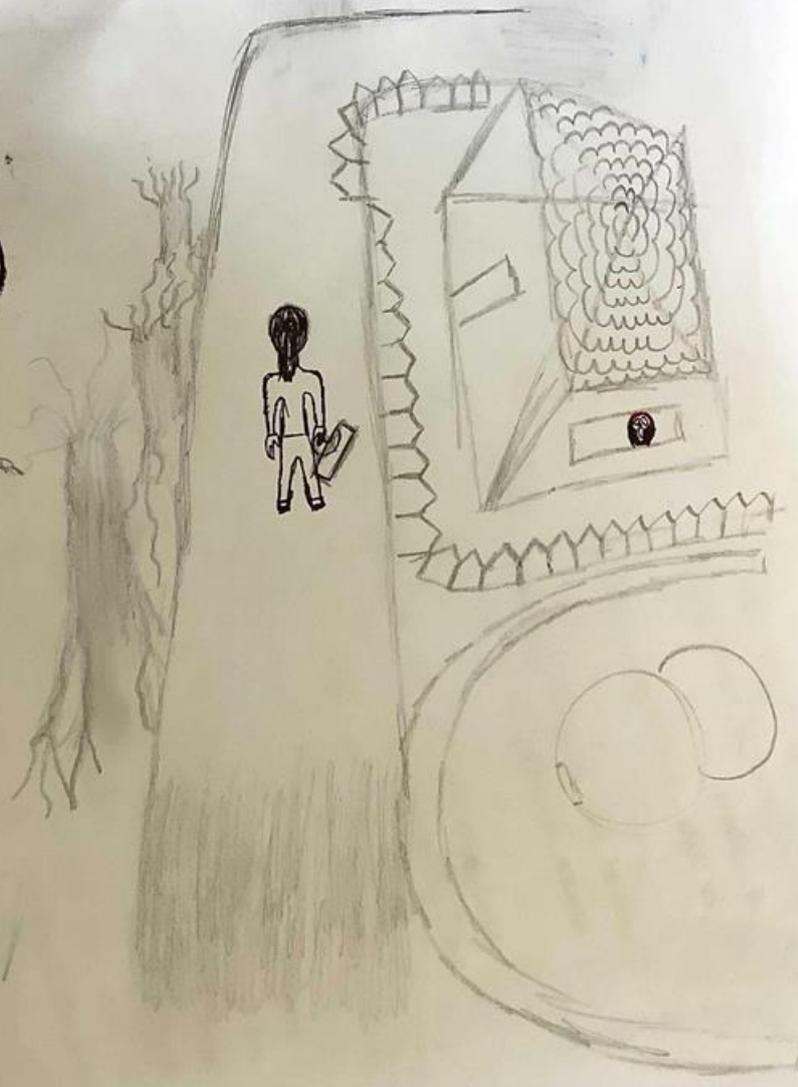

## The psychatrie

Once there were two friends who made a bet with a third friend. that they can't stay a night in the abandoned psychatry that lies nearby. So they packed their bags and drove off. When they arrived, they already have a queasy feeling. When they entered, they immediately had a creepy feeling. They entered a large hall and heard creepy noises. Suddenly they heard a loud crash and a large blood smeared towards them. They ran for their lives but the big man was following them. They ran through the whole psychatry but they got lost and ended up in a dead end. The man came slowly closer, and closer. Then he took off his mask and laughed hardly. It was the third friend who wants to scare his friends.

Dissappear and appear

## Disappear and appear

One evening, when a girl named Lucie wanted to go home after her dance lesson, it was already very dark and stormy. It was 8 p.m., when her dance lesson was finished.

She felt watched, so she walked faster, and when she turned around, she saw a strange guy behind her.

The guy followed her, <sup>what Lucie didn't know was that</sup> the guy is a killer. He has the mission to kill Lucie, he wore a mask and a coat.

When Lucie turned in a little street, and the killer didn't find her for a long time. He didn't see Lucie, so in that time, Lucie made a trap, and went really fast to a construction site to take a sharp saw.

After that, she went back to the killer, she ran to the trap and when the killer fell in the trap, Lucie sawed off his arms and legs.

When he layed useless and dead on the floor, Lucie threw away the sharp saw and ran away home. She was lucky that no one was at her house. She burned her clothes and took a shower. She was very shocked.

She didn't talk to anyone about it. After a year, she went to school and saw the same guy with the same mask and the same coat in a wheelchair.

She looked at the killer until a bus ran in front of the <sup>killer</sup> and disappeared, and in the end the killer was behind her, holding her mouth and kidnapped her. Nobody has ever heard of her again...

End?
